This gratuitous assignment is non-exclusive, worldwide, in all languages, for the duration of copyright protection under French and foreign laws as well as current and future international conventions, including any extensions.

The Journal may exercise these rights itself or assign them to third parties, informing the Author if so. As the assignment is non-exclusive, the Author may publish the Contribution with another publisher later, provided the full bibliographical reference of the first publication in volume 3 | 2026 of Multidisciplinary Biomechanics Journal is mentioned.

Article 4 – Journal's Obligations

The Journal commits to publish the Contribution in volume 3 | 2026 of the Periodical within 6 months of receiving it from the Author.

The Journal commits to submitting to the Author a proof of the formatted Contribution for digital approval.

If the Contribution is to be exploited in both printed and digital versions, the Author's approval of the proof is valid for both, provided they do not differ except for minor digital-specific additions such as hyperlinks.
